

SPECIFICATION

MODEL DPO – PIZZA OVEN HOOD

The Duo-Aire hood shall be a Type II hood constructed to exhaust heat and smoke from a single or multiple deck pizza oven. Hood shall be a cap style type resting directly upon the oven. Metal shall be 300 series stainless steel where visible. U.L. Listed aluminum filters shall be provided in front filter housing and exhaust collar shall be welded and sized for design CFM. A warming pocket shall be provided for pizza storage.

Hood shall be sized to fit over specific oven model and shall include an 18 inch overhang at front of oven. Hood shall be provided for electric ovens exhausting from 110-220 CFM/ft. dependent upon number of stacked ovens with gas ovens exhausting 125-250 CFM/ft. An adjustable air volume control damper shall also be provided for gas ovens with flues.
